The following list of violations of the Wisconsin Administrative Code as adopted by reference in the Milwaukee Code of Ordinances Chapter 68, and/or other City ordinance(s) must be corrected as soon as possible but not later than the date specified. A re-inspection fee may be assessed if the violation is not corrected by that date. An inspection fee may be charged for any repeat violations.

Code Number	Description of Violation	Correct By
	No Violations to Report	

Notes:

The handsink is blocked by a storage rack in the kitchen. This rack must be relocated by next inspection to provide adequate access to the handsink.

Also, the dishroom does not have a handsink. Provide an additional faucet attachment to pre-wash spray arm and relocate paper towel dispenser to be above pre-wash sink by next inspection. The employee washing dishes must wash hands before touching clean dishes after touching dirty dishes.

Remove newspaper from side door and install door sweep by next inspection.
